

**BERKSHIRE ORNITHOLOGICAL CLUB – GARDEN BIRD SURVEY**  
**October 2016 – March 2017**

Please return to: Ted Rogers, 8 Ranelagh Crescent, Ascot, Berkshire SL5 8LW (01344 883237), preferably within 2 months of the end of the survey period.

Name: \_\_\_\_\_ Telephone: \_\_\_\_\_ Grid Ref.: SU \_\_\_\_\_

Address: \_\_\_\_\_

- Garden Type:                      Urban (including suburban) / Rural                      With / Without a pond:
- Garden Size:                      Small (less than 450 m<sup>2</sup>) / Large (more than 450 m<sup>2</sup>).
- Do you regularly provide:    Food – Yes/No                      Water – Yes / No
- Is there a significant water body within 100m from your garden (river, lake, etc.)? – Yes / No  
    Details: \_\_\_\_\_
- Do you have a nestbox in the garden? – Yes / No.  
    If yes, for which species? \_\_\_\_\_ Did any species breed (in nestbox or elsewhere) during the survey period? \_\_\_\_\_
- Does your garden have:              Trees / Shrubs?
- Is your garden organic (generally no insecticides, pesticides, slug pellets etc)? – Yes / No

On the list overleaf please indicate in the relevant box if a species is recorded at least once during a particular week. **This should be the maximum number of a particular species seen together at one time during the week** and any other data of interest (e.g. juvenile, male, female, etc).

- If you see a species that is not in the list provided, please add it in the spare lines at the bottom of the form.
- Birds perched but otherwise not apparently feeding/drinking should be included.
- Birds flying over the garden should not be recorded unless they are hunting/feeding (e.g. Sparrowhawk, Swallow, Swift etc.).
- Please enter the number of days for each week of the survey for which you carried out observations.
- Birds in **bold** overleaf are species of high conservation concern.
- Birds in *italic* overleaf are species of medium conservation concern.

Enjoy your birds!
